

RAILROAD OPERATING AUTHORITY CERTIFICATE APPLICATION

Who Should Apply for a Railroad Operating Authority Certificate (OAC)?

The Highway Traffic Board (HTB) issues OACs authorizing the transportation of goods and passengers by railway. Unless exempted by the Minister, any person operating a railway in Saskatchewan is required to obtain an OAC or a temporary OAC from the HTB. This application can be utilized for a new OAC or a renewal of an existing OAC.

A Complete Application Consists of:

- > A fully completed Railroad Operating Authority Certificate Renewal Application form.
- > A Certificate of Insurance. Please note this is not mandatory to start the application process, however a certificate of insurance is required to be filed with the HTB prior to the issuance of an OAC. Certificates must be issued by the insurer and name The Highway Traffic Board as the certificate holder.

The amount of third party liability insurance limits required by the HTB varies by type of railway and commodity transported:

	Commodity Transported			
	Passengers	General Commodities	Dangerous Goods	Special Dangerous Goods
Passenger	\$5,000,000			
Industrial		\$10,000,000	\$25,000,000	\$50,000,000
Common Carrier ¹		\$10,000,000	\$50,000,000	\$50,000,000
Common Carrier ²		\$10,000,000	\$50,000,000	\$50,000,000

¹if travelling 15 miles/hour or less with a maximum of 80 cars

² If traveling over 15 miles/hour OR hauling more than 80 cars

Note: All classes of railways that store empty or residue cars that last contained dangerous or special dangerous goods are required to maintain a minimum \$10,000,000 bodily injury and property damage for any one person and any one occurrence.

Confidentiality:

Under all circumstances, the Board will keep any financial information and any private business details confidential.

Please submit your completed application to **The Highway Traffic Board** or contact us if you have any questions:
